Phase III Engineering Services – Construction Observation

The Village of Rosemont (hereinafter Village) is seeking Phase III Engineering Services for the Bryn Mawr Avenue Pedestrian Bridge Construction Project. This construction phase of the project is funded through the Congestion Mitigation and Air Quality (CMAQ) Program; therefore, all work must be done in accordance with Federal and State guidelines.

The Consulting Engineer shall perform and carry out, in a professional and satisfactory manner, the necessary services required to complete the requirements included in the project. The Village shall provide a qualified Liaison Engineer to assist the Consultant in Village interpretations. The services to be provided related to this Request for Qualifications (RFQ) are described in the Minimum Scope of Services section of this RFQ. All work must adhere to Village and Illinois Department of Transportation (IDOT) standards as required.

The Consulting Engineer shall have successfully completed a minimum of three projects of the same type and size to the Bryn Mawr Avenue Pedestrian Bridge Project. The proposed Project Manager shall have a minimum of five years of experience in Phase III Engineering on IDOT Bureau of Local Roads and Streets (BLRS) projects. A list of these projects and the IDOT BLRS contact and local agency contact for the project should be provided.

The proposed pedestrian bridge will extend from the eastern dead end of Bryn Mawr Avenue, parallel to the street's centerline, to the existing trail just east of the Des Plaines River. The bridge will be on Village of Rosemont and FPDCC property. The bridge will be 2 – 150 foot long spans with approximately 50 feet of a boardwalk structure at the west end. The bridge structures will be 12 feet wide prefabricated steel truss bridges with a concrete deck. Approximately 100 feet of the eastern river bank will be stabilized with a combination of stone riprap and native plantings.

The project is currently scheduled for a June 2020 letting.
